Since this is actually TANF funding, go ahead and just make it out to the Office of Administration, and we'll handle which fund it gets deposited back into. Thanks so much for catching this and being flexible!

No problem, I would prefer that as well. We will cut a check today to be sent to your office made out to General Revenue. Is that still how you would like it?

Thanks!
Megan

I am so sorry. I completely spaced on that. Would it be possible to send a check back? I'd prefer to keep it under the old contract funding and not the new.

Hi Emily,

We were just wondering about the \$600 to be deducted from our invoice and it does not look like it was taken out in January. Are you planning to deduct it in February instead?

Thanks!
Megan

Megan,

We received the payment yesterday from the state for our January ATA invoice. The payment was in the amount of \$22,625.92, the full amount of our January invoice so it does not appear that they deducted the \$600 from the payment.

Do you think they plan to deduct the amount from a future invoice? Could you look into this for us?

Thanks,

Debbie Sparks

Hi Mary Lou,

Emily is going to deduct the \$600 from our January invoice. How would you like me to handle this for our records? An adjustment?

Thanks!

I will deduct it manually from the January invoice. It looks like it's \$600 according to the message thread below. Is that correct?

Hi Emily,

We had a situation back in August where we paid a deposit for a client and then the landlord refused to rent to the client. I had contact with him on repeated occasions requesting that he reimburse us the money. He continued to make excuses and indicate that he would pay us back but never did. We then had our lawyer issue a letter to him requesting the money back. The letter came back undeliverable so now we are going through small claims court to get him to pay us back.

As indicated below, our CFO would like to at least get the money paid back to the ATA program now and we will continue working to get it back from the landlord. Should we make the check to General Revenue or deduct it from a future invoice? I wasn't sure how you wanted this returned.

Thanks!
Megan

Hi,

I think we should go ahead and send the \$600 back to ATA for that landlord that kept the \$\$ but didn't lease the apartment to our client. Because the contracts are renewing now I think it best to go ahead and get that cleaned up with the January billing. Does that mean that we just can put a credit through against what we bill?

I will go ahead and get the paperwork started for the small claims issue. Megan, Ron suggested that if an appearance needed to be made that it might be best if you and Terosia did when it comes up. For now I will send the paperwork through and we'll take it from there. I will keep you posted.
